Financial and Commercial

Demand Had the Effect of Holding Prices at About the Top.

ABSORPTION OF U. S. STEEL

REFERENCE OF PRESIDENT MOYER TO POLITICS.

New York, July 14.-The stock market showed a tendency to slip park in the rui of duliness from which last week's animated dealings had stirred it until the stent strength of the market prompted a renewed outburst of buying in the alings. In spite of the early dullness there was a conspicuous scarcity of offerings of stocks. This was sufficient-ity marked to make it the characterictic feature of the market. The demand, while moderate, was thus made effective g prices. London was a buyer on in this market with good effect sentiment beyond the positive effect prices of this demand. he absorption of United States Steel

continued in a manner to keep attention fixed and the persistence of this demand tributed in a general way to the eading authorities in the industry shed interviews from time to time. United States Steel touched 42: The Southern Pacific stocks were another center of strength and the dividend policy fied in the maintenance of the responsible for this buying on the tion that it was carried by the ng influence of the head of the There was some revival of old of an intended consolidation of n iron and steel companies and imate absorption by the United

News of the adjustment of the wage pestion between the Western Bar Iron uestion between the Western Bat 110n association and the Amalgamated association was a helpful factor in this group of industrials. So was the reported blowing in of more blast furnaces of the Taited States Steel corporation. There Gt. North. pfd... ing in of more blast furnaces of the United States Steel corporation. There was considerable discussion of the showing a deficit of \$7,437 for the six months' operations of the H. B. Claffin company. compared with profits of nearly \$450,000 in the corresponding period of last year. But this was accepted as a measure of past depression rather than of future recognity and was not more severe than prospects, and was not more severe than had been expected to be shown. The expressed conviction of the president of this company that improvement is ahead owing to the thorough disposal of surplus stocks was regarded as significant.

nors were received of expected companies in meeting coming obligations. These were denied, but the dissatisfaction of various interests with the present form of organization of this company is ad-

mitted.

There was a complete understanding today of yesterday's strength in the wheat

CAPITAL \$200,000.00.

market as due in part to estimates of reduced stocks and to the fears of a Russian shortage, reflected in Russian buying for export. Fears are still entertained of harm to spring wheat from drouth and forecasts of showers in North Dakota. The money market was moderately affected by the withdrawal of government deposits from the banks and by the payments of the final installments of subscriptions to the Union Pacific funding bonds. Foreign exchange advance and gold exports were in consideration. The stock market closed with large buying of \$13,000,000 bonds sold to bankers were an influence. Union Pacific bonds "when issued" yielded to 95, the lowest price yet touched. The Rock Island railroad system bonds were all weak. Total sales, par value, \$.358,000.

GRAIN AND PROVISIONS.

Chicago, July 14.—Wheat was weak almost all day because of free selling by commission houses and local holders. The market was chiefly a "weather map" affair, bearish sentiment being inspired today by more favorable weather conditions in the northwest for the growing crop. The unseasonably hot weather in a large part of the spring wheat country had been supplanted by lower temperatures and the official forecast predicted rain tonight for the western portion of the Dakotas. News from the northwest was conflicting, but many supposedly reliable reports claimed that a large part of the crop had been ruined by the recent torrid wave. A weak market for wheat at Liverpool, despite the 2-cent advance here yesterday further contributed to the depression. A mild rally occurred late in the day on covering by shorts. The close was easy. September opened ½c to ½c to ½c lower, at 91½c to 91½c, sold up to 92c and then declined to 90%c. The close was weak at lowest point. September opened ¼c to ½c lower, at 74c to 74½c, sold at 74½c and closed at 74c.

Cool weather in the northwest had a weakening effect on oats except on July delivery, which was firm owing to active covering by shorts. The demand for the July option was due to the light stock of oats in private elevators here, the total amount being estimated at 98,000 bushels. The market closed easy. September opened ¼c to ½c lower, at 43½c to 43%c, sold between 43½c and 43%c and closed at 43%c.

Provisions were weak during the entire control provisions were weak duri

Provisions were weak during the entire session because of liberal realizing sales. A sharp break occurred in pork, the September delivery of which declined 90 cents from last night's final quotations. Lard and ribs showed much less reading decline.

radical decline.

The slump was chiefly the result of an overbought condition of the market which had been advancing steadily for the last ten days. A decline of 5 to 10 cents in live hogs helped to depress the market. September pork closed with a loss of 87½0 90c; lard closed with a net loss of 27½c, and ribs closed with a loss of 37½c to 40c. radical decline.

NOTICE OF A SPECIAL ELECTION

NOTICE OF A SPECIAL ELECTION upon the question of incurring bonded indebtedness.

Whereas, The city council of Salt Lake City, Utah, by an ordinance duly passed by said council on the 18th day of June, 1908, and approved by the mayor of said city on the 19th day of June, 1908, did order a special election to be held in said city on the 29th day of July, 1908, for the purpose of submitting to such qualified electors of said city as shall have paid a property tax in said city in the year 1907 the question of incurring a bonded indebtedness in the sum of four hundred and seventy-five thousand dollars, for the purpose of in reasing, improving, enlarging, extending, perfecting and adding to the present water supply and waterworks system of said city; and also the question of incurring a bonded indebtedness in the sum of one hundred and twenty-five thousand dollars for the purpose of completing, increasing, extending and adding to the present sewer system of said city, constructing pumping station, installing two pumps and necessary operating machinery therein, and establishing and constructing main sewers in the northern portion of the city; and

Whereas, Said ordinance directed and required the mayor and city recorder of Sait Lake City to make proclamation of said special election by publishing notice thereof in three daily newspapers published and circulated in said city;

Now, therefore, pursuant to the terms and directions of said ordinance, and under and pursuant to sections 308, 309 and 310 of the revised statutes of Utah, 1898, notice is hereby given, and proclamation is hereby made, that on the 29th day of July, 1908, in Salt Lake City us a shall have paid a property tax in said city in the year 1907 the following questions:

1. The question of incurring a bonded indebtedness in the sum of four hundred and seventy-five thousand dollars (\$475, 900.00) for the purpose of defraying the expense of increasing, improving, enlarging, extending, perfecting and adding

and seventy-five thousand dollars (\$475,-000.00) for the purpose of defraying the expense of increasing, improving, enlarging, extending, perfecting and adding to the present water supply and waterworks system of said city by laying pipes to complete new water supply mains; enlarging and extending the East Jordan canal; constructing an aqueduct on North Temple street from Fourth West street to the Jordan river; constructing a distributing reservoir in City Creek canyon; replacing the present three and four-inch water mains with larger pipes; extending water mains in various parts of the city; improving the Jordan & Sait Lake City canal from Big Cottonwood creek to Tweifth South street; constructing new tanks in City Creek canyon; constructing tanks in City Creek canyon; constructing reservoir or reservoirs at the lakes in Big Cottonwood canyon; acquiring water rights in Big Cottonwood and Little Cottonwood canyons, and constructing conduit in City Creek from State street to

Canyon road.

2. Also the question of incurring a bond-Canyon road.

2. Also the question of incurring a bonded indebtedness in the sum of one hundred and twenty-five thousand (\$125,000.00) dollars, for the purpose of defraying the expense of completing, increasing, improving, extending and adding to the present sewer system of said city by constructing an outlet pipe or conduit from the intercepting sewer at a point near Seventh North and Eighth West streets to the gravity sewer at a point near Ninth North and Fourth West streets; constructing a pumping station at or near said Seventh North and Eighth West streets and installing therein two pumps with motor, engines and other necessary machinery for operating the same, for the purpose of pumping sewage from said intercepting sewer through said olpe or conduit into said gravity sewer, and establishing and constructing main sewers in the northern portion of the city.

Said improved, additional and new water system; said improved, additional and new sewerage system shall be owned by Salt Lake City.

Said bonds shall bear interest at a rate not to exceed 4½ per tent per annum, which interest shall be payable semi-an-

Said bonds shall bear interest at a rate not to exceed 4½ per cent per annum, which interest shall be payable semi-annually; and said bonds shall become due and payable at the end of twenty (20) years from the date of issue, with the option reserved to the city to pay or refund the same at any time after the expiration of ten (10) years after the date of issue, and shall be of such denomination or denominations as the city council may hereafter determine, and the net revenues from said water system shall be set apart for, and shall be a sinking fund for the payment of said bonds and interest thereon. And the city council shall annually levy a sufficient tax to pay the interest on said sewer bonds, as it falls due, and also to constitute a sinking fund for the payment of the principal these for the payment of the principal thereof.
Said election shall be conducted according to the statutes and laws of Utah,
and shall be held in manner and form provided thereby.

Dated June 20, 1908. J. S. BRANSFORD, Mayor of Said City.
J. B. MORETON,
Recorder of Said City.
